HOW TO ORDER

We can provide any shoe from the My Generation Catalogue.
Due to the large range of styles and sizes we do not keep shoes in stock.
All shoes are sold to order and delivery is generally 2-4 weeks after order.

To see all the styles available check the My Generation website -
www.mygeneration-schein.de

INFORMATION WE REQUIRE FOR CORRECT SHOE FITTING

Schein sizing is slightly different to regular shoe sizes and is based on the formula of -
foot length + push room + room to grow

In order to choose the correct size we need the following measurements -

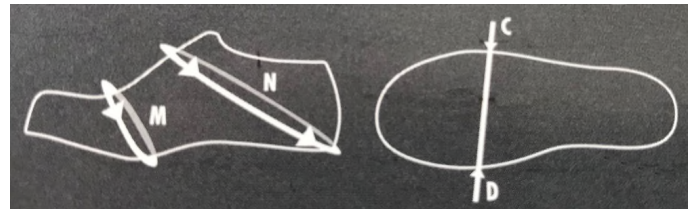

Measurements need to be over / include any device worn with the shoes.

Foot Length - heel to toe in cm for each foot

Ball of Foot Circumference - **M** in the diagram

Heel/Ankle Circumference - **N** in the diagram

Foot Width - **C-D** in the diagram

Any other sizing information such as extra wide or narrow foot, etc is always helpful.

Choose the type of shoe and the style you or the child or the parents like/require.

We will then be able to recommend a size allowing for fit and growth.

A foot measuring device calibrated to the Schein sizing is available for purchase.

DELIVERY

We can login to the Schein Inventory so we can give you real time stock availability.

If the shoes are in stock we will order them and then send you a confirmation and price.

If the shoes are not in stock we will advise a delivery date or you can check on an alternate style.

Most styles and sizes are in stock at the Schein warehouse but occasionally your preferred style may not be available so please also consider a 2nd preference.

Shipments leave Germany every month, generally in the 3rd week, so delivery to you is the end of that month or the first week of the next month.

PRICES

Contact us for a Price List for Orthotic & Support Shoes. Split sizes or other styles require a quote and a stock check. The price we charge includes the cost of the shoes, transport from Germany & includes duty and customs charges. There will be a small delivery charge from our warehouse to your nominated address if the invoice is less than \$500. As a guide prices are based on shoe size and are mostly between \$235 and \$380 per pair.

We're here to help - please call if you need more info on styles, sizes, fit or anything else
